### ABOUT THE AUTHORS

Jen Melland lives in Washington State with her amazing husband and family. She's addicted to coffee, chocolate, and all things The Beatles. While *Real Love* is far from being autobiographical, she married her own real love at 19. He was the first person she ever dated who lasted past the "two-week rule."

Kelsey Kilgore makes her home in windswept West Texas with her husband and four children. This stay-at-home mom is the writer behind the award-winning blog *HolyMama*, where she candidly writes about her life and family. She likes lifting weights at the gym, off-roading in her big pickup, wakeboarding, kickboxing, or engaging in other exceptionally ladylike endeavors.

Sharon McAnear, the author of the beloved *Jemma* series, was raised in the small towns of the Texas Panhandle, where sweet companionship soothed lonely hearts and "porch company" abounded. An avid romance writer, Sharon enjoys portraying unusual love stories, surprising situations, and the quirks of her unforgettable characters that readers across the globe are falling in love with. Sharon lives in Colorado.

## Sometimes love looks different than you planned.

### *Real Love*

Melody Kennedy just wants to get away and relax before she has to enter "the real world." A trip to Jamaica with her best friend seems like the perfect antidote. Sun, sandy beaches, her favorite books, and who knows? She might even meet her true love there. A girl can dream, right?

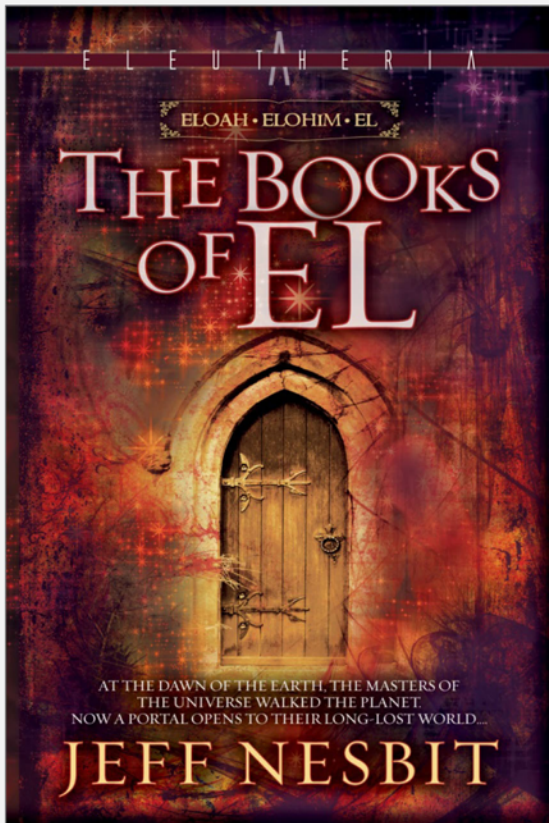

### *A Love for Larkspur*

Would you let your mother take the reins of your dating life? Lark—a twentysomething, freckle-faced Texan—has had enough of dating geeky, weird guys. So when her sociable mama suggests she pre-screen some guys for Lark to date, Lark's just desperate enough to say yes.

### *Forever a Starry Sky*

Annalisa Turner has everything—hot looks, plenty of money, boyfriends galore, and a great family who tells her she has a heart from heaven, even if she's sometimes sweeter than smart. Hometown poke Buckshot Fox figures she can't resist his charms, but she's got a few other things on her mind, including the sweet attendant at her college gym.

## ABOUT THE AUTHOR

Jeff Nesbit, author of 20 inspirational, commercially successful novels including *Jude*, *Peace*, and *Oil*, for publishers such as David C. Cook, Tyndale, Zondervan, Thomas Nelson, and Guideposts, was a national journalist with Knight-Ridder and ABC News' Satellite News Channels; communications director for a VP at the White House; senior public affairs official at two federal science agencies; and his media company, Shiloh Media Group, created and launched 3 unique TV networks for Discovery Communications, Encyclopedia Britannica, and Lockheed Martin. Jeff writes a weekly science column, "At the Edge," for *U.S. News & World Report* and is Executive Director of Climate Nexus.

At the dawn of the earth, a race of beings—masters of the universe—walked the planet. Now a portal opens to their long-lost world.

After thousands of years, Araquel the Watcher has finally spotted the culmination of his quest—three champions not of his world, but perhaps its only hope. But will they be willing to step into this most dangerous of games and fulfill their unique destinies?

Laura, Jon, and Sampson, three college students, have heard the legends about the *bene elohim*, who have invoked fear and awe since the beginning of time. Both despised and revered, they taught humankind about mysteries otherwise unknown. Then, abruptly, they vanished, along with the other six races—the elves, dwarves, giants, centaurs, people of the sea, and fairies. But to Laura, Jon, and Sampson, the *bene elohim* are nothing more than myths...until they encounter the mysterious Araquel, discover *The Books of El*, and are plunged into the world these ancient beings once ruled with absolute power.

Their mission? To journey to the land, to believe, to act in the land's behalf, and to forge a path, using their honed skills as a team to do what seems impossible. The stakes are high—not only their own lives, but the survival of two worlds. And forces not of their world are conspiring to make this the deadliest game of all.
